

Acoustic Learning Tree

Bringing wellbeing to your spaces

Biophilic Tree design brings the outdoors indoors to enhance the natural learning environment and helps children connect with our natural surroundings.

Increases warmth and natural atmosphere in learning spaces to help children feel more inclusive

Promotes collaboration and togetherness and provides a 'go to place' for those needing support

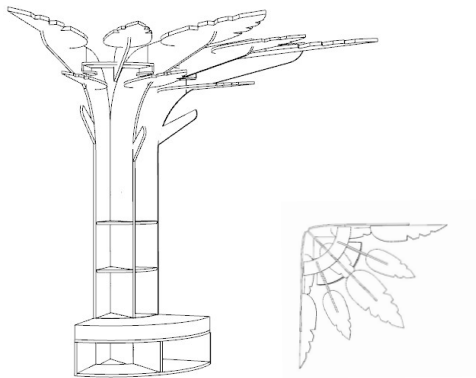

Encourages a greater sense of wellness and calm amidst an over stimulated environment.

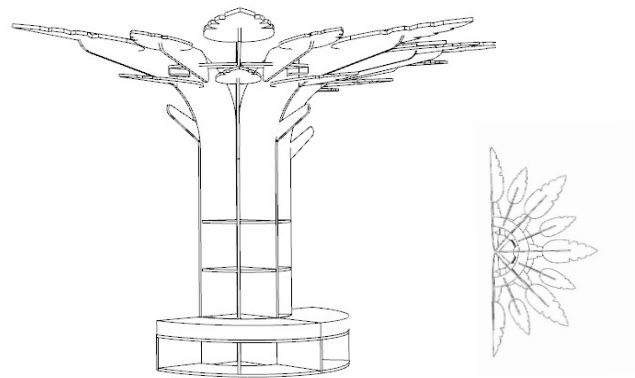

Reduces harsh noises from reverberating around large open spaces. Ideal for quiet zones, ILE areas, libraries and collaboration areas.
