--	----------------	----------------	----------------	----------------

Perching/ Standing

LSG Stool seat Height	460mm	560mm	650mm	750mm
-----------------------	-------	-------	-------	-------

Notes:

To ensure optimal concentration and student engagement, classrooms require purpose-built furniture that is tailored to the student's age, ergonomic needs, and durability.

Selecting the right height table and chair for each student year group is now effortless with our user-friendly sizing guide. This helps match and size appropriate chairs with complementary table heights, promoting superior ergonomic comfort and enhancing learning outcomes. Additionally we offer adjustable height steel table legs (perfect for flexibility and mobility in your space) and we also have a larger size 8 height option available if required for taller pupils.

If you need assistance determining your specific size requirements or require further guidance, please reach out to us without hesitation. We're here to support you.
