

Front Of Class Whiteboard Unit

Natural, Functional, Customisable

Built for leading from the front – two sliding whiteboards, generous storage and premium birch plywood that won't sag, bend or warp.

Make it yours

Every unit can be tailored to your classroom – from the shelving behind the boards to the finish, size and framing.

Length	2400, 3000, 3600, 4200 or 4800mm. Custom lengths on request.
Size	470mm deep x 2000mm high
Storage	Open shelving, lockable cupboards or Glide and Tilt® tote trays
Extras	Custom engraving on one or both ends

Glide and Tilt® tote trays

Runners hold trays securely at an open angle, and shatterproof plastic makes them the safest storage trays for schools.

Single depth: 310W x 420L x 77H mm
Double depth: 310W x 420L x 157H mm

Choose your finish

Keep the natural birch, or add a High Pressure Laminate (HPL) finish to the exterior sides and cupboard and drawer fronts for a touch of colour and extra protection against scratches, moisture and everyday wear.

Colours are indicative. See the full range in our [LSG Colour Guide](#).

Designed to Fit Your Space

The teaching wall, resolved in one element.

Writing surface, storage and display in one considered unit, with the look of fitted joinery and none of the coordination.

Joinery quality

The finish of built-in cabinetry, without the cost of a bespoke teaching wall.

Natural materials

Sustainably sourced birch plywood, with low-toxicity finishes.

Strong where it counts

Won't sag, bend or warp like MDF or particleboard.

Backed for life

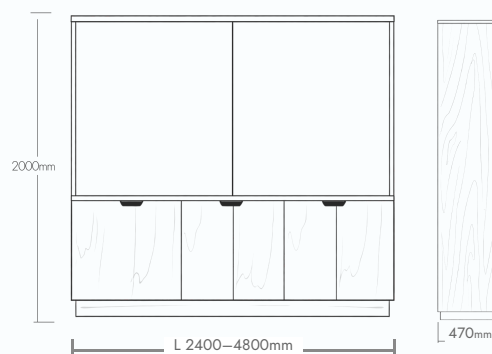

Covered by the [LSG Lifetime Warranty](#).

Pricing All prices exclude GST, which is added on quote.

2400L	3000L	3600L	4200L	4800L
