

The Ox Chair

Strong, stackable, and purpose-built for dynamic learning environment.

The Ox Chair is designed to meet the demands of modern learning and communal environments. Its one-piece, molded shell delivers ergonomic comfort and robust durability, making it ideal for classrooms, libraries, breakout zones, and multipurpose halls. The Ox Chair's clean silhouette and solid construction ensure it not only performs but elevates the aesthetic of any space.

Purposefully developed with strength, function, and sustainability in mind, the Ox Chair supports student wellbeing while withstanding high-traffic daily use. A versatile choice for schools and education providers seeking both performance and design continuity.

Strong and Durable

One-piece shell with supportive contouring for optimal comfort, featuring highly durable and impact resistant construction.

Configure

Lightweight yet strong, easy to move and reconfigure, and designed and tested for high-use educational environments.
